Ms. Kern,

I just called and left a message on your voice mail a few minutes ago.

I am looking for a report (sheriff's office) related to what alleged to be the suicide of:

David Wade Reiten, who died December 3, 1991. My records indicate that he died in Yellow Medicine but their Sheriff's office speculated that it may be he was brought to Granite Falls and died there but that the investigation may have been done by the Renville Sheriff. It is also possible that he died within Sacred Heart and the investigation was conducted by them. I'm looking for the report. If within your jurisdiction, let me know whether you have a report or not and I'll initiate a formal request.

Thank you.

I received an email from Kern with a form to prepare at 1:09PM.

At 1:43PM I sent the form back with my request.

At 1:47PM I received a 72 page report in PDF format, which I have named:
